

Town of Paradise

FREE!

Presents **“Growing Our Local Economy”** **Business Conference**

When: March 17, 2011
Where: Cinema 7 Theatres
Time: 8:00 am to 12:30 pm
(Registration starts 7:30 am)

The Town of Paradise wants our local businesses and economy to grow and prosper. We realize that this is especially tough because of the recession and the rapidly changing economic realities that many businesses are dealing with on a daily basis.

This business conference is being made available to our local Paradise businesses at no charge. The conference's expressed purpose is to bring together in one setting a wealth of information and a number of resources that our business community can use to sustain and grow their individual businesses in this challenging economy.

Some of the topics at the conference will include:

- **Overview of our local economy**
- **Results of a local consumer survey**
- **Local businesses & their stories on how they are succeeding despite the economy**
- **Traditional and not-so-traditional resources available to local businesses**
- **How changing technology can help small businesses grow**

If you would like more information about this upcoming business conference, you may contact either Town Manager Chuck Rough at 872-6987, crough@townofparadise.com or Asst. Town Manager Lauren Gill at 872-6291, lgill@townofparadise.com.
