

**Town of Paradise
Council Agenda Summary
Date: June 9, 2015**

Agenda Item: 3

Originated by: Gina S. Will, Finance Director/Town Treasurer

Reviewed by: Lauren Gill, Town Manager

Subject: Quarterly Investment Report

Council Action Requested:

Review and file the 3rd Quarter Investment Report for the Fiscal Year Ending June 30, 2015; or,

Alternatives:

Refer the matter back to staff for further development and consideration.

Background:

Attached is a report on the Town's cash and investments for the quarter ended March 31, 2015.

A US Bank checking account is currently being used for payroll, accounts payable and other operating purposes. Most accounts payable disbursements are drawn through checks, and most payroll disbursements are processed through direct deposit. Deposits are fully collateralized and after reserve requirements, provide an earnings credit rate of 0.50% up to the amount of monthly fees. As the earnings credit rate is currently higher than the yield provided by LAIF, staff is currently maximizing the earnings potential in this account.

The Town uses the State of California managed Local Agency Investment Fund (LAIF) for investment of cash in excess of immediately needed operating capital. With same day liquidity and comparable yields, LAIF is currently the best investment option for the Town. Funds are able to be transferred electronically through phone authorization between LAIF and the Town checking account. The Town will continue to research other investment options that match LAIF's liquidity and security in order to improve investment yield.

In June of 2011, the Town established an irrevocable trust to begin funding the future obligations associated with retiree health as required by GASB 45. The funds are being managed by Self-Insured Schools of California (SISC) and can only be used for the payment of retiree health benefits.

The Town establishes escrow funds at the start of each new lease. The escrow fund is drawn down to zero through the process of purchasing equipment against the lease. Interest is accrued on any unspent escrow balance. The "other" investment type represents these available escrow funds as well as petty cash balances. As of March 31, 2015, there were \$41,804 in unspent escrow funds as the Town was in the process of purchasing approved 2014/15 budgeted equipment.

Discussion

Quarterly Investment Report
June 9, 2015

The increased investment balance as of March 31, 2015 as compared to March 31, 2014 is both a reflection of timing changes in the payment of the Town's obligations and improvement to the Town's overall cash liquidity. Last fiscal year the needed a \$3.0 million TRAN which was funded October 8, 2013. This year the Town funded a TRAN of \$2.7 million as of October 10, 2014. The TRAN was repaid as of May 15, 2015 and there will be sufficient to funds for operations and payroll for the remainder of the 2014/15 fiscal year.

The GASB 45 trust investment managed by SISC experienced a 2.86% return on investment during the 3rd quarter of 2014/15. The economy is picking up but interest rates remain historically low. Globally investors continue to worry about weak world markets. Long term, SISC has been successful with its allocation model of approximately 60% equity and 40% fixed income.

In December 2014, the Town Treasurer directed the Trustee, Wells Fargo Bank, to invest the reserve funds of the Paradise Redevelopment 2006 Note and the Paradise Redevelopment 2009 Bond in accordance with the Town's investment policy. The reserve funds had been yielding less than 0.01% in mutual funds. The reserve funds are now invested in CD's which will yield between 0.45% and 0.55% over a one year period. The reserve funds for the Pension Obligation Bond will be invested in August 2015 when the Town makes the payment for the 2015/16 fiscal year. While these investments and balances are not part of the Town's idle or operating cash, the yield will ultimately lessen the amount the Town will be required to contribute in future debt service payments.

Fiscal Impact Analysis:

Isolating the gain from the GASB 45 trust, the Town earned \$4,934.25 for the quarter ended March 31, 2015. That is compared to \$3,451.95 for the quarter ended March 31, 2014. Again, isolating the GASB 45 return, the Town realized virtually the same yield compared to a year ago, but had more average balances invested. Year to date this fiscal year, the Town earned \$18,609.43 after isolating the GASB 45 return. Last fiscal year to date, the Town had earned \$6,760.00.
