April 7, 2014

Skyway Utility Work

Starting Monday, April 7, 2014, AC Square will be performing utility work along Skyway between approximately Center Street and Bille Road. This work will require the closure of the outside northbound lane. All businesses and driveways will remain open and accessible at all times. The purpose of this work is to install conduit for Comcast cable.

Motorists, pedestrians and bicyclists should be cautious when traveling along this section of Skyway Road over the next several weeks. The contractor will be utilizing various traffic controls including cones and signs indicating the lane closure and adjacent driveway openings during working hours. The scheduled working hours for this project will be 8:00 am until 5:00 pm.

Weather permitting, all related utility work and final paving should be complete within 2 weeks.
