

ACCELA CITIZEN ACCESS ACCOUNT REGISTRATION

Introduction

In an ongoing commitment to improving customer service, Accela Citizen Access was created to provide customers with a more streamlined process of requesting building inspections. The Building Division will be able to retrieve the inspection requests quicker, process them more efficiently, and provide real-time results to our customers. Paper copies of office job cards will be eliminated over time, with electronic inspections making the entire process more efficient and accessible to our customers and the Town.

Accela Citizen Access is more than an inspection scheduling tool. You will be able to view the results of your inspection, and that's not all; you may also select any of the following services:

Building
Search Applications
Schedule an Inspection

Business
Create an Application

Fire
Create a Permit
Search Permits

On-Site
